

Doreen Narelle Harris

October 4, 1942 - March 13, 2020

Doreen Narelle Harris passed away on 3/13/2020.

She is survived by her daughter Kristen Edge and son-in-law Charles Edge; son, Todd Harris and daughter-in-law Jennifer Harris; and brothers Grant Narelle and Brian Narelle.

Doreen will always be remembered as a wonderful mother, engaged grandmother, beloved aunt and sister, dear friend to many, and as one person recently described her, “a ray of sunshine” in the lives of others. She was a kind, caring, compassionate person who never forgot anyone’s birthday and was always there for the people she cared for. We remember her bright spark and optimistic spirit, her vivacious energy and loving presence. These things of Doreen’s essence will remain with all of us who knew her well. She is dearly missed and will never be forgotten. We celebrate the life that Doreen lived by carrying her spirit with us always and keeping her ray of sunshine close at heart. We pray Doreen will feel the love that she extended to others, times infinity, as she now has closed this journey here on Earth and has begun a new one.

To my mother: may peace, light, joy and love always be with you. And may you finally be free to soar.

In lieu of flowers a memorial contribution may be made to Cure PSP and we gratefully accept any contributions to this organization in honor of my mother, Doreen Harris.

When someone donates, they may choose the option of “Tribute Gift” which

will let us know a gift has been made in my mother's honor.
