“ *When I moved next door to Frances, I didn't realize that in the 3 years we were there, that she would become such an important person in my life. We reconnected in 2017 and again in 2019 for brief and wonderful visits. I will always cherish my times with Frances, Wayne and the girls. I'm glad that someday I will see her again.*

“ Growing up across the street from the family as well as another large family in the neighborhood we always had wonderful summers together. Francis was a beautiful soul who shared that with anyone fortunate to be in her presence. So very talented in numerous forms and had a great sense of humor. She will be greatly missed but I am also comforted that she and mom are sharing memories and laughing with great joy. My love and thoughts and prayers go out to the whole family.

“ Just learned of Francis’s passing and my heart is broken. She was like a second momma to me and I knew without a doubt that she loved me like one of her own. Growing up across the street from the Coulters was an amazing gift to me and my family. She and my mom were best friends and the only consolation I feel right now is knowing that they are up there sharing that friendship in their heavenly bodies!

“ I always enjoyed being with Frances. She was a talker and I liked it. She was a beautiful lady in many ways. She once sent an inspirational letter to my wife Trudy, when she was sick with cancer. She had a way of expressing herself with words. We enjoyed going on trips together to see our grandchildren. My heart felt sympathy to the Coulter Family. Jack
