“ Vera & Harry are like my second set of parents and grandparents to my son. Seeing them together , they gave inspiration for believing in Love and that Good exists. It was a true honor to know Harry Greenfield and he is missed deeply. He always made my day brighter and lighter. I will miss your jokes and smile. You quickly became my son’s Hero 18 years ago . I’m so happy my son got to see how a man was supposed to be. Thank you Harry for being you and all the dear memories you gave me and Damon. You really made this world a better place. Your memory living on in us, makes this world a better place. Love, Christie & Damon. ❤️

“ My favorite memories of Harry was while sitting on the porch, with his drink in one hand and his cigar close by. His stories and laughter they created to those around Him reflected the kind of Man he was. The World will be a little quieter without Harry in it, but his love and spirit will forever live in the heart of those who knew and loved Him.

I knew Harry for close to 40 years, he had more history in his mind than most history books. He was always full of jokes and made people laugh. He will be missed by many. He is in heaven now. Missed but never forgotten.
