

Pamela Ann Struthers

August 4, 1958 - May 1, 2020

“If we live and if we die, we belong to Jehovah”

– Rom 14:8

Pam was born August 4, 1958 and her only sibling was her dear sister Janet Lee Froystad. They were adopted in 1960 by Kay and Richard Fielitz and were raised in Chardon, Ohio.

At the very early age of 11 Pam had already decided the direction of her life and dedicated herself to Jehovah and was baptized October 25, 1969. As a child she regularly read and meditated on the Watchtower article series “Pursuing My Purpose in Life” which moved her forward to who she became.

September 1, 1975 she was appointed as a full time minister and continued as a full time minister for the next 45 years. Along the way she touched the hearts of many due to her depth of spirituality and her love for life.

If there was a singular theme to Pam’s life it was “Move Forward” as she said or “you’re just getting older.” Those words “Move Forward” remind us of what the apostle Paul wrote at Philippians 3:13.

13 “Forgetting the things behind and stretching forward to the things ahead”.

Yes, Pam was always striving to move forward spiritually.

She had disappointments like all of us but she never focused on them. She kept a positive forward moving spiritual viewpoint. The focus was always on strengthening and up-building others, even her husband. As sick as Pam was, she talked about it very little. Pam fell asleep (Daniel 12:13) on May 1, 2020 and is survived by her husband Cal Struthers and her dear sister Lee Froystad.

“He is a God, not of the dead, but of the living,
for they are all living to him.”

– Luke 20:38

Pam was a true light in life. Always upbeat with a “go get em” attitude. She was our sister-in-law, and we couldn’t have asked for a more loving, generous, talented, and kinder soul. We’ve had some great times together over the years and we will miss her terribly. We know that her faith brought her through difficult times and it was the reason she most likely was not afraid of the end...because to her, it is just the beginning. Rest In Peace our dear Pam, we will hold you in our hearts forever. What an adventure you lived!

One of my all-time favorite quotes seems appropriate at this time...

“Don’t cry because it’s over, smile because it happened”...by Dr. Seuss.

CF

“ Pam was kind, generous, caring, empathetic, dynamic, creative and she simply radiated joy. Traveling the world with my brother Cal, she immersed herself in many cultures. Where other people might have seen differences she saw commonality and opportunity for spiritual community.

Pam dutifully worked at a variety of jobs. Some assignments required all her innate intelligence and creativity; while others involved basic service to others. No task was beneath her, and her humility always prevailed. Through the years Pam endured health problems without complaint. She chose not to focus on physical issues but to live the best life possible in the moment devoted to her faith.

Through my adult life Pam was present for me, providing emotional support during both high and low periods. She was a great shopping companion and always surprised me with her bold color choices and individual style. Her sense of excitement was contagious. Being with her was always an adventure. I will miss her greatly.

Catherine Flowers

(Pam's sister-in-law)

“ The first time I met Cal and Pam was May 10, 2018 at the hospital where mom was having knee replacement surgery. Mom already knew and loved them tremendously. They came into the hospital with such a presence, they were hard to miss! They were both wearing huge smiles (as I would soon learn they always did) and were full of great stories to try to take our minds off mom's surgery. Before that moment I had never met anyone as outgoing and loving and with the most remarkable stories of missionary work! Pam always had a smile and a gleam in her eye and even if she was experiencing discomfort you would never know it. She always put others ahead of herself and ALWAYS had encouraging words for my mom (and me) no matter what. Pam was here for us. She was easy to love! I admired her drawings and listened intently to her knowledge of books and artifacts. I will miss her energy and love of life and people....until we can see her again.
