“ *Spent a great deal of time during my teenage years in this household. He always treated me like one of his own and made me feel welcome in his home. I can remember looking at coins and stamps with him when I was a kid. A truly good man. So sorry to hear this. Bobby. Our family is praying for you and yours during this difficult time.*

“ One time when Ray and I were visiting Patrick and Bobby, Bob walked into the kitchen where she and I were making supper. He looked at me and asked me what I was doing. When I told him we were fixing supper, he asked me if he could eat it afterwards. We stood there and stared at him. We handed him pieces of what we were fixing and told him that was all he could have. I think he took us seriously because when supper was ready, we had to go get him so he could eat supper. All he could say was gee I thought that was all I got!!!!!! Oh well
