

Vicki Moseley

June 21, 1951 - April 5, 2024

On April 09, 2024, our mother passed away. To say we are devastated is an enormous understatement. We would not be who we are without her (and Dad, shout out). She was the safest net and most generous spirit. Generous with her time, her advice, her life well lived. We will never be the same nor would we want to be.

She is survived by her daughters, Jessica and husband Paul Knapp, and Caitlin and husband Patrick Hedden; grandchildren (Her Favorites), Nora, Oliver and Elijah Hedden, Charlotte and William Knapp; siblings, Paul "Hank" Cave and wife Carolyn, and Dale Brooks. She was preceded in death by her husband, William "Ed" Moseley; and parents, Paul "Buck" and Effie Brooks Cave. She's also survived by many nieces, nephews, extended family and friends who will miss her dearly.

A celebration of life will be held April 19 from 1-3p at Lake Julian. We could not think of any place better to celebrate her than the water or Oktoberfest and, as we are in the mountains in April, this will simply have to do. In place of flowers, please consider donating to STEM for her (<https://stemforher.org/donate>)

“ *Sad to have just read this today. Please accept my condolences. I worked with your mom in the early 90's and she was always a dose of sanity in the crazy office we worked in. We were both early birds and always enjoyed our talks in the morning before everyone else came in.*

She was there for me when I was having wedding issues (mother-in-law related) and she told me to just let her know if we were going to elope so that she wouldn't have to show up. :-) The wedding did go through and I was glad she attended. She will be greatly missed.

“ Dear Jessie and Caitlin,

I was shocked and saddened to find you mother's obituary today. Please accept my condolences.

Your mother and I were co-workers through much of the 1990s. I remember your mom as one of the smartest mathematicians I ever knew. She had a sharp and quick wit.

I think you will recall the four of us traveling to NYC to see some Broadway shows back in 2004. Some other memories include the many rides we took in her M-B 560SL convertible. We would drive over the Tampa Bay Skyway bridge with her stereo blaring and the two of us singing as loud as we could. Your mother introduced me to Enigma and Eddie Izzard. We would watch Eddie Izzard videos and laugh for hours. I also remember that your mom loved Chinese food, specifically she would order a huge take-out container of veggie fried rice. I will never forget her.

*With deepest sympathies,
